- 2) Opt out of the RPP by electing to be placed on the Ontario Price (SPOT). This request requires that an Interval Meter is installed at the service address. If you are unsure whether you have an interval meter, or to have one installed, contact London Hydro. *(choice can be indicated using price plan election code SPOT on this form)*

Self-declaring customers will be switched to their requested rate option after the next periodic reading following receipt of this completed form.
